Place on baking tray in single layer in the centre of the oven.

Microwave oven – Frozen – Defrost 2 min, cook high 1 min, stand 2 min. Fresh – High 45 sec, stand 1 min. (Based on 850 watt microwave) Caution: product will be hot to handle.

This is a guide only. These times are approximate only as times may vary from appliance to appliance.

Product Shelf Life: Refrigerated – One (1) week, Frozen – Twelve (12) months.

Cambodia Volunteering 2025

ENRICHING THE LIVES OF CHILDREN IN CAMBODIA

Our group of 40 secondary students and staff are well progressed on preparations for their trip to volunteer teaching English in Cambodia in June. As a part of that program, we are fundraising for:

- Community projects at Beng and Orelous Villages which is supported by the Australian based Growing Cambodia charity.

Please find attached an order form for our pie drive, which is perfectly timed for winter family meals. Feel free to ask family and friends or work colleagues to buy pies as well.

Use a separate order form for each person you take orders from. Each order will come wrapped with their name on the top. Remember to add your child's name at the top of each order form, so we know who to give it to!

As a College, we believe it is vital for our students to grow as contributors to a global society. This endeavour is a fabulous way for students to understand, how their direct support can help those in need. Did you know that \$10 can buy enough rice for an impoverished family for a month. Please support wherever you can.
