Child Dental Benefits Schedule (CDBS)

The CDBS is an Australian Government funded program that supports access to a range of essential dental services for eligible children aged 0-17 years who are Medicare eligible and whose parent, carer or guardian receives an eligible government payment. Eligible children can receive dental treatments at both public and private dental clinics. At most private clinics, services are bulk billed, meaning no out of pocket cost to families. The scheme provides up to \$1,158 in dental benefits over a two-year period. Log onto your MyGov / Medicare Account to check your child's eligibility.

\$200 Play On Sports Vouchers

A reminder to families that Round 2 of the Play On! Sports Vouchers program is now open. Queensland families can apply for a \$200 voucher for each eligible child aged between 5 to 17 to help cover the cost of membership, registration or participation fees with registered sporting clubs. Each eligible child can receive one voucher per financial year, with a portion of vouchers reserved for children living with a disability and those living in regional and rural areas. More information about Play On! is available at: [Play On! Sports Vouchers Program](#).
