

Information for Students Aged 10 - 19 Years

Coastal District School Sport (10 to 19 Years)

The Sunshine Coastal School Sport Office, together with Coastal District School Sport, continues to offer a representative pathway for our students to attend district, regional, state and national school sport trials/championships.

Students and parents are responsible for checking dates of trials, registering online and ensuring payments have been made.

The online registration and payment process has been developed to assist parents and students in organising themselves for upcoming trial dates. The newly designed process streamlines paperwork for your child and yourself. The following information provides parents with a step-by-step process.

If you have any questions in relation to the processes outlined, please contact:
