**Arts Excellence Program  
(Dance or Drama)**

**Football Excellence Program**

Kawana Waters State College offers unparalleled academic, creative and sporting programs that are led by industry professionals and are designed to assist students to reach their full potential. These specialist programs nurture and develop talent, allowing students to further excel in areas where they possess natural strength. Applications for our programs in 2022 open Friday 23 April 2021 and can be downloaded from our website (go to: Curriculum /Excellence Programs) or collected from our Secondary Administration Office.

Details about each program are as follows:

### Academic Curriculum Extension Program

With studies showing gifted and highly able students need a curriculum that is set at a level, pace and degree of complexity beyond the learning expectations of their same-age peers, Kawana Waters State College's ACE Program has been developed to assist students with strong academic abilities to further excel inside the classroom.

The program expands on the standard English, science, humanities and mathematics curriculum in a way that challenges students academically and supports their development. This is available to Year 7, Year 8 and Year 9 students.

### Arts Excellence Program – Dance or Drama

The Arts Excellence Program provides Year 7, Year 8 and Year 9 students who have a special interest and strong skills in dance or drama with an extended performing arts curriculum.

Delivering a comprehensive assortment of workshops and performance activities within the school and broader community, the Arts Excellence Programs extend students' personal and performance development and provides Junior Secondary students with the skills to help them excel in arts-related secondary and tertiary courses.

### Aquatics Excellence Program

Located adjacent to the Kawana Aquatic Centre, Lake Kawana and Kawana's stunning beaches, Kawana Waters State College is well-placed to deliver to a first-rate aquatics program.

Students enrolled in the Aquatics Program can hone their skills across a broad range of water sports including surfing, diving, kayaking, swimming, kite surfing and water polo. Opportunities are also available for students to attend Aquatic Camps supported by a range of experts.

This program is available to students in Year 7, Year 8 and Year 9.

### Football Excellence Program

The Kawana Waters State College Football Excellence Program is designed to develop and enhance playing skills and has acquired a positive reputation as a leading football program for students in Year 7 to Year 9. This program can lead into senior subjects for students in Year 10 to Year 12.

Our strong links with industry bodies such as Football Queensland, Australian Futsal Federation and Sunshine Coast Fire Football Club provide students with access to elite coaches and programs. These relationships heighten students' prospects of playing at an elite level.
