Applications due by Wednesday April 22, 2026

Program Overview

This 4 week Program beginning on May 6, is designed to excite creative expression and to provide primary students who are interested in drama as a subject in the secondary phase of their education offering a unique insight into the Arts Excellence Program. The aim of the Junior Drama Program is to provide young students with targeted training to: explore and develop live performance skills, character development, voice, movement and dramatic discipline. The workshops will focus on the development of expressive voice and movement skills. The benefits of a drama education are physical, emotional, social and help in developing a healthy appreciation of arts culture.
